

I can't believe how lucky I am to have such a great, caring dentist. The building is bright and clean and everyone is so friendly. ~~My~~ Friends who have tried the practice too are also delighted - what a find!!! I used to be a nervous wreck when visiting my old dentist ... not any more.

Timber Hill Dental Practice.

We have no hesitation in recommending the Timber Hill Dental Practice as our family has used their services for the last 30 years after moving to Caterham. The service we have received over the years has been outstanding and we find the honest straight forward approach to patients care is very refreshing in this day and age and has benefited our family's dental care.

I joined the practice as a patient earlier this year and have had various dental work completed over the last few months. I am very happy with the results and am now looking forward to a relatively treatment free future. Thank you, David S
